The Scottish Parliament's Health, Social Care and Sport Committee are conducting an inquiry into the health and wellbeing of children and young people. We'd like to hear your views on what the key issues are.

We've set up a website where you, and any groups you work with, can put forward views and experiences to help inform the inquiry.

This guide is to help you have conversations with individuals or groups and then upload them to the discussion website, which can be accessed via: engage.parliament.scot/community/1064
